DETAILED ACTION

Response to Amendment

1. In response to the Amendment received on January 12, 2004, the examiner has carefully considered the amendments. The examiner acknowledges the cancellation of claim 9. The claim rejection under 35 U.S.C. § 112, 2nd paragraph for claim 2 has been overcome by the amendment and has hereby been withdrawn for consideration.

Election/Restrictions

2. Claims 23-67 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected invention, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the Paper dated January 12, 2004.

Response to Arguments

3. Applicant's arguments, see Amendment, filed January 12, 2004, with respect to claims 1-22 have been fully considered and are persuasive. The rejection of claims 1-5, 8, 16-17, and 19-22 under 35 USC 102(b) as being anticipated by Okinoshima et al (6,069,186) has been withdrawn. The rejection of claims 1-6, 9-11, 14, 16, and 19-22 under 35 USC 102(b) as being anticipated by Irifune et al (EP 0 624 627) has been withdrawn. These prior art references fail to disclose a high-molecular weight siloxane with multiple (meth) acrylate functional groups having the general formula found in claim 1 reinforced with fillers such as silicone resins having the formula found in claim 1 or silicone dioxide fillers. The difference between the prior art high molecular weight siloxanes and the instant invention is the prior art fails to teach reinforcing siloxane resins having multiple (meth) acrylate groups attached to said siloxane by Si-C bonds. Therefore the instant invention is distinguished over the prior art.

EXAMINER'S AMENDMENT

Art Unit: 1711

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mark Russell on May 28, 2004.

The application has been amended as follows:

Please **cancel** claims 23-67.

Allowable Subject Matter

5. Claims ~~51-8+10-22~~ are allowed.

6. The following is an examiner's statement of reasons for allowance: The primary reasons for allowance is the combination of the high-molecular weight siloxane having multiple (meth) acrylate functional groups that are attached to said siloxane by Si-C bonds having the general formula found in claim 1 with reinforcing fillers selected from the group of silicone dioxide fillers and silicone resins having the general formula found in claim 1. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
